

Dear CAC Community,

As we conclude the first quarter of this academic year, the Board has picked up the proper momentum for the major decisions to be made in our near future.

As the CAC community awaits the delivery of the final version of the Maadi Campus Master Plan on November 15th, the Board and the Administration continue to work collaboratively to put together all the information necessary for reaching this momentous decision. While our Business Manager, Steve Panta, has produced various plausible financial models and scenarios, Project Manager, John Hollenbach, has furnished us with crucial timelines as well as phasing and contracting recommendations. Superintendent Monica Greeley continues to orchestrate and oversee these initiatives, constantly keeping in sight the ultimate outputs of minimizing disruption and preserving programmatic continuity.

Speaking of outputs, the Board has recently reconfirmed CAC's commitment to Accreditation for Growth as our re-accreditation protocol. The school's focus and priority will be on the outputs desired in student performance and the end results of improving that performance. In its capacity as the keeper of the Mission, the Board will be revisiting the CAC Mission to ensure that it still accurately defines who we are, as well as who we want to be.

Our next Open Session is on Tuesday, November 21st, at 6:00 p.m., in the Boardroom. We look forward to welcoming you there.

Please accept our warmest wishes for a joyful and prosperous Eid holiday.

Sincerely,

Nivine Captan-Amr
