Happy New Year and Welcome Back for Semester Two

It is always wonderful to say hello again to people we haven't seen for several weeks. The school was abuzz with all the many stories and happenings that students and teachers experienced over the Holiday Season, and we're also into full swing academically with new schedules and semester one report cards distributed on the first day back. The classrooms are full with activity, and as this first week comes to a close, it seems as if the Holiday Season was just a dream.

There are many events on the go; for instance, students have until Monday (January 15) to make any course changes, there is a community forum on eating disorders presented in room 600 on Tuesday evening starting at 6 (January 17), the Model United Nations team is going to The Hague for the annual THIMUN Conference (January 20 to the 26), and there is a wrestling invitational meet from 9 a.m. to 2 p.m. on Friday (January 26).

Don't forget that this coming week you can participate in the discussions on details that relate to phase 1 of the new Master Plan, and there is an IB Music recital in the choir room on Wednesday, January 31 starting at 7 p.m.

Thus, 2007 has begun with many preparations for these events and more. Happy New Year, and may 2007 be a rewarding year for all.

Student Health Records Due January 18, 2007

This is just a friendly reminder that if you received a letter regarding past due health records for your child, official records must be received by the Health Office no later than Thursday, January 18. Because health and safety is always a primary concern for us, we have an obligation to maintain up-to-date health records for all students. Failure to submit all medical documentation requested by January 18 will result in student suspension from school until the

file is completed. We thank you in advance for your understanding and cooperation.

Head Nurse

CAC Master Plan

Architectural design development for the first phase of the CAC Master Plan begins next week. Hillier Architects are starting the design of our new Elementary School and renovations to the Administration Building. They will be here January 14-17.

This weekend and early next week, a first step towards construction of the new Elementary School will be taken. Engineers will be on campus with drilling equipment to take soil borings around the tennis courts and in front of the Administration Building.

On Wednesday January 17 at 7 p.m. in the ES Cafeteria, there is a CAC Community Open House. The Master Plan and Phase 1 – Elementary School development will be reviewed by Hillier Architects. Please come and participate.

| U.S. Citizens Services | January 15 |
| String Registration | January 15 |
| Community Forum on Eating Disorder | January 17 |
| Board Community Forum | January 17 |

PTO Notes

PTO Book Fair Huge Success - Many heartfelt thanks to those who helped with the Book Fair and purchased books. Your support contributed to making this Book Fair the most successful thus far. In order for us to continue to meet the needs of the CAC community and make next

year's Book Fair even better, the PTO kindly requests your feedback about the Book Fair. Please send your comments to pto@cacegypt.org.

PTO International Cooking Class - "Parents for Peace" offers Egyptian and English dishes for this month's cooking class. Learn how to make Za'tar and Koshari by Soumaia Amin and English Pudding by Pamela Merghani with the cultural feel of the home on Wednesday, January

24 from 10 to 12 pm. There are no fees but the class is limited to 20. Please contact Cathy Gaoli at cgaoli@ssafara.net for more information and to register.
