Everyday is Earth Day!

With the international celebration of Earth Day on April 22, the CAC Green Team has planned events throughout the month of April. This past week, a ribbon-cutting ceremony was held for the Water Bottle Refill Station located outside the Health Center. The purpose of this station is to reduce the plastic disposable-bottle waste generated on campus by offering people bottled-quality water that can be dispensed into refillable containers.

Next week, on April 17, the Association for the Protection of the Environment will be here to demonstrate how they recycle the paper we send them into useable products like stationery and greeting cards. They will be set-up all day outside Room 600 from 9am – 3pm.

Student Council Elections – April 23

Next week marks the beginning of the campaign period for students running for a position on the Executive Committee of the 08/09 Student Council. This is an exciting time for students and we wish all the candidates the best of luck.

National Honor Society

The National Honor Society recognizes students who have consistently excelled in their classes by being on the Honor Roll for six consecutive quarters, or with a GPA of 3.4 or higher for three consecutive semesters, who have demonstrated leadership and personal integrity, and who have participated in service to the community. These students will receive a letter for a general meeting, then complete a résumé and request letters of reference for leadership, character, and service. After reviewing the information, the NHS Faculty Council will select new members for the Society who will then be informed by letter of the Council's decision. The induction of new members will take place Saturday 3 May at 4:00 in the High School Gallery.
