Dear College Representatives,

All college visits to CAC will be held virtually for the 2020-2021 school year. Interested universities should contact one of the counselors listed above should they be interested in setting up a virtual visit with our community.

Types of Visits:

Virtual university visits can be in the form of Town Hall information sessions, Q&A's, admission workshops, or any creative combination of these. We also welcome coordinated efforts for multiple universities to speak with our students at the same time.

Meeting Times:

Given the various time zones, meeting times can be arranged on a case by case basis. When you provide us with your availability and we confirm the visit with you, we will then announce this time to the community.

We have several ways to announce college visits to students and will require them to register to attend the session in advance. Due to the nature of online meetings and various time commitments, the number of students and family members in attendance could vary.
